Folk Fete Opens Here

"Pack up the kids, crank up the car," to Cameron's Folk Fete, to paraphrase a popular ditty, as the annual event starts Thursday (tonight) at 8 p.m. with the Folk Fete Queen Contest.

Beauties from Central Texas will compete in sports outfits and evening gowns for the privilege of being named queen of the annual fete, and riding in Saturday's parade. The competition will be held at Methodist Fellowship Hall.

Don't eat too much lunch Friday -- save some room for the delicious ethnic foods to be served from booths at National Guard Armory starting at 5 p.m. Available will be corn on the cob, barbecue, sausage, pizza, spaghetti and meatballs, hamburgers and Mexican plates, along with sweets to finish off the meal.

A schedule of events for the fete: Thursday, June 6-8 p.m. Folk Fete Queen Contest, Methodist Fellowship Hall.

Friday, June 7 - 1:30 p.m. Dedication of Downtown Mall; 5 p.m. National Guard Armory, ethnic foods: Czech, German, Mexican, Western

and Modern; arts and crafts booths, service and elvle club booths.

6:30 p.m. - Cosmic Cowboys

7:30 p.m. - Cameron German Folk Dancers

8 p.m. to 12 midnight, Dance - Music by Otis Beek and The Best Yets Saturday, June 8 - 10 a.m. Parade downtown; 11 a.m. Entertainment scheduled hourly and live band music, ethnic foods, arts and crafts booths, and service and elvle club booths.

The Blue Vest Boys to play between each entertainment act, beginning at 1 p.m.

11 a.m. - Yoe High School Band 12 Noon - Der Sour Krauts, Humble, and Ed Kadlecek, accordionist of New Braunfels

1 p.m. - Dance music, The Blue Vest Boys

2 p.m. Czech Folk Dancers (Slovakian Beseda), Dallas

3 p.m. - Irish Folk Dancers, Temple

4 p.m. - African Folk Dancers, Temple

5 p.m. - Czech Beseda Dancers, Czech Chorus, Czech Concert Band, Seaton

6 p.m. The Blue Vest Boys

6:30 p.m. Ed Kadlecek

7 p.m. Rhine Steins, Cameron

8:30 p.m. to 1 a.m. - Dance - The Blue Vest Boys

Sunday, June 9-12 noon, ethnic foods, arts and crafts booths, and service and elvle booths

1 p.m. Dance - Music by Don Shuffield and the Western Swingers

2 p.m. Rhine Steins, Cameron

3 p.m. - Granger SPJST Lodge Chorus

4 p.m. - Taylor Czech Chorus

5 p.m. - Black Modern Dancers

6 p.m. to 10 p.m. - Dance, Vrazel Polka Band

Thorndale Man Shot By Constable

Milam County Sheriff Carl Black is investigating the shooting of a Thorndale man reportedly by the Thorndale constable.

Brought to Scott and White for surgery about 7 p.m. Tuesday night was J. D. Turner, 52, of Thorndale. He was listed in critical condition from a shot in the abdomen.

Black said Turner reportedly was shot at about 5:15 p.m. in front of a Thorndale grocery store. Black said Thorndale Constable P. L. Paris and his wife were sitting in a car stopped by the store when Turner approached. Black said an argument ensued and Turner was shot.

Sheriff Black said no charge had been filed early Wednesday.

LARGE DREAM COME TRUE

You may see something familiar on Page 10 of this edition.

A sketch appears in a reproduction of a front page of this newspaper of September 9, 1965.

You may be walking across it or see something similar dedicated this week.

115-115-115

You might compare this downtown and what it once was to the battleship Texas anchored at San Jacinto.

How would this moment of U. S. Navy history float and how would it fight in a navy streamlined to nuclear-powered submarines capable of firing nuclear - armed missiles from beneath the sea?

This new downtown will "float" quite well for a long time in the new era of Central Texas communities. Thanks to the foresight and diligence and continuing efforts of a lot of people who chose to match dream with reality.

Not just in this Mall, but in many efforts Cameron has responded to what had to be done to become a leader as it so proudly hailed itself for so long.

Murder Suspect Arrested In California

A nation-wide search for a robbery and murder suspect has ended with the arrest in Fresno, California of a Bryan man wanted by Robertson and Milam County law officers.

Sheriff Carl Black told The Herald that Jim Jones Trigg, Jr., wanted on charges of bank robbery and the murder of another Bryan man, is in jail in Fresno, awaiting transportation by Federal Bureau of Investigation officials.

Trigg is wanted in Robertson County in connection with the robbery of the Citizens State Bank in Calvert on November 27, 1973. Black said FBI officials could bring Trigg back without extradition on the bank robbery charge.

Trigg is wanted in Milam County in connection with the murder of Richard Lee Freeman, of Bryan, on February 23. Freeman's body was found in a shallow grave on a farm near Gause. He had been shot five times with a .38 pistol.

Black said police in San Antonio had found an abandoned car at a San Antonio airport which was believed to have been used by Trigg. A pistol was found in the car.

Black said he gave FBI agents bullets taken from Freeman's body for matching with the pistol found in the car.

Earlier, both Trigg and Freeman were wanted in connection with the bank robbery.

City To Prepare Plans For New Federal Project

Cameron will probably be offered another federal program after January 1, 1975. A. W. McCullin told the city council at a regular meeting Tuesday evening.

A joint meeting was set for 7 p.m. Monday for the council and members of the city planning commission to develop some ideas of what such a program should be. McCullin said the city is expected by federal authorities to have a program ready for implementation by the first of the year.

McCullin met with the council and reported progress of the urban renewal program. Some \$70,000 to \$80,000 in UR funds will be left over from the city's project and some of it will be spent on marking downtown streets, curbing a drainage problem on N. Houston and installing extra sidewalks.

City code inspector Ed Bigbee reported on compliance with the Southern Building Code which Cameron adopted some time ago. He said licenses should be required of contractors doing construction work in the city in addition to a building permit. The city attorney was authorized to make recommendations for an ordinance requiring the licenses.

Five new members of the public library board were approved, including Rev. Perry Richardson for one year, L. W. Stroup for one year, Maxie Morgan, Richard Crowe, and Kay Green, all three year terms. Mrs. Ed Magre and Mrs. Perry Holder are carryover members of the board.

Council also approved a library budget of \$11,933.20, and voted approval of spending \$300 from revenue sharing funds for beautification of library grounds.

Mayor Gene Blake was authorized to work with the city attorney in preparing a five-year-lease for additional landfill space for the city.

Early Interest Leads To Horse Training

By Lloyd Albertson

Mention horse training, and most people will tell you that it is a man's job. Unless you happen to mention it to some of the farmers and ranchers in this area. They'll tell you there is a Milam County girl doing it -- and doing it well. Her name is Martha Lynn McDermott.

Martha Lynn -- she is the daughter of Dr. and Mrs. Lyle McDermott -- has been training horses for at least five or six years.

Her interest in horses started a good deal earlier than that, however. She learned to ride when she was three or four years old. She has ridden in horse shows, and in the past several years has been a contestant in a number of rodeos in different parts of the state. Maybe it all came naturally, since her father is a veterinarian and there were always horses at their home on Highway 36 on the outskirts of Cameron.

At present she is attending Sam Houston State University in Huntsville; she is in her junior year there and majoring in home economics. But she hasn't let this interfere too much with her horse training activities. Somehow she is managing to do both.

Martha Lynn got her start as a trainer by training her own horse, a colt that had been given to her. That was when she was about fifteen. The results were good, and she tried her hand at it again. Then some of the farmers and ranchers in the area began asking her to train their horses for them, and she was on her way.

When she takes a horse to train, the program, as she explains it goes something like this:

"The first thing I do is to tie him to a fence post or something and let

him stand in that same spot for a day or so," she explains.

If it is intended to teach the horse obedience, it works. A few days ago she had a new horse out at the McDermott's home place to begin his training, and he looked bored after being tied to a post for several hours. "He's coming around," Martha Lynn remarked to this writer. "About tomorrow he'll be ready to start being trained."

The next steps include putting a halter on him and then a blanket. After that comes the saddle. All during this phase she leads the horse around, and then snubs him up to another horse and leads him that way. Finally she mounts and rides him. The whole training process usually takes from one to two months, depending on the horse being trained.

Although training horses may be what she likes to do best, riding in rodeos and horse shows can't be far behind. She has entered any number of them and is making a reputation for herself as a rider. Just to name a few of the recent events, chosen at random, and the awards she has won:

State 4 - H Horse Show - 1969: 8th place in Western Pleasure, 1st place in 11

District 4 - H Horse Show - 1970: 1st place Halter; Reserve Champion; Showmanship Award.

Kingsville - National Intercollegiate Rodeo; 2nd place in breakaway roping.

McLennan County Community College: 2nd place in barrel race.

And at Gladewater in an all girl rodeo early this spring Martha Lynn placed first in ribbon roping, second in barrel racing and third in breakaway roping.

In the barrel race, incidentally,

she was just 1-100th of a second behind the first place winner. The girl winning first had a time of 16.91 seconds; Martha Lynn's time was 16.92 seconds.

In the ribbon roping event she won her first place award by roping the calf, dismounting, untying the ribbon from its tail and running across the line to hand it to the judge in 19 seconds.

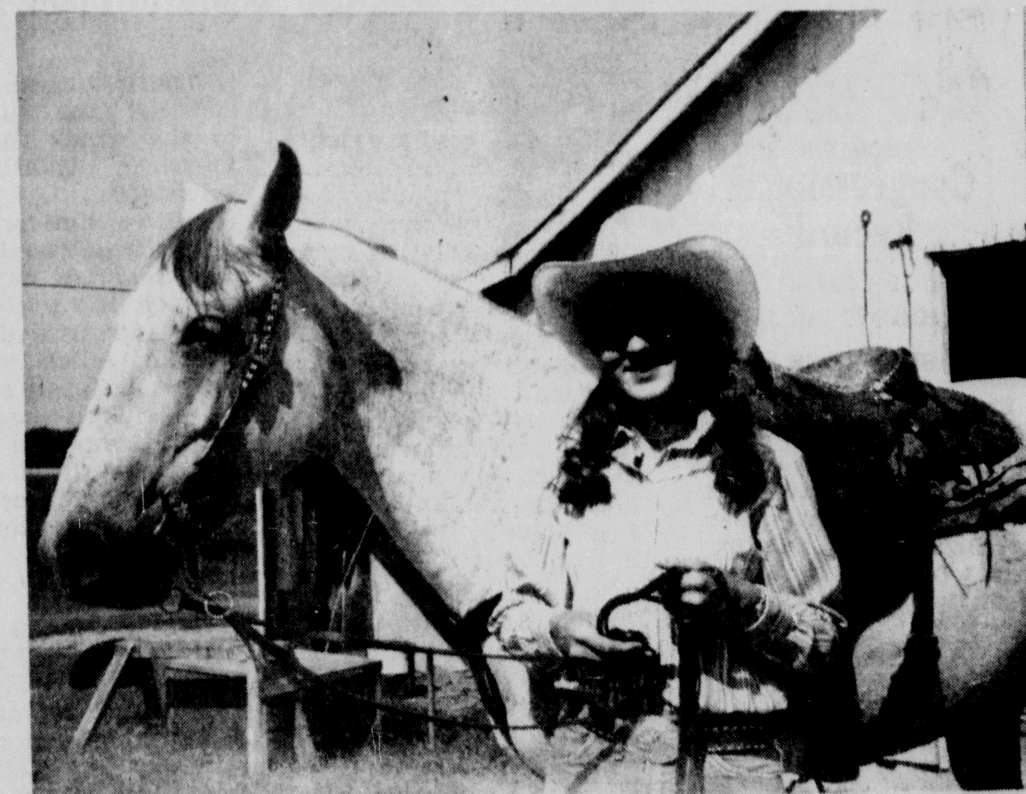

On last Tuesday Martha Lynn returned to Sam Houston State University to attend the summer session. Along with her went four horses she is busy training at present for their Milam County owners. Her father and mother helped deliver them in their horse trailers. Because, as has

been said, Martha Lynn manages to carry on her education and horse training activities at the same time.

When asked how she could find facilities for the horses, she explained:

"The school has a real good Ag department. A lot of the students bring their horses and keep them there. There are plenty of stalls and there is both an outdoor and an indoor arena where you can ride and exercise them."

Going to college with four horses to train between classes may be a little unusual -- but then Martha Lynn is used to doing something a little unusual. Like, for instance, training horses, which, as most people will tell you, is a man's job.

Young Dale Bumpers...

Arkansas turned out for youthful Governor Dale Bumpers in the Democratic runoff and exorcised retrenching Senator William Fulbright in a 2 to 1 drubbing. The Senator has been in Washington 30 years, a large number of those years as chairman of the Senate Foreign Relations Committee, a powerful post indeed.

Once an internationalist, he has in recent years turned to isolationist views, probably due to the Vietnam experience, including his vote for the Bay of Tonkin Resolution and apparent gains by Western Europe.

But Dale Bumpers proved youth and administrative ability at state level could unseat Fulbright, 69, whose name is on the Fulbright Scholarships which helped increase American student exchange among universities and colleges of the world.

International economics, beyond a regional view to cleaning Washington out of old hands, also caught Fulbright. U. S. News notes that

events in the Middle East and the enormously powerful U. S. productive machine have sustained U. S. international leadership in economics, just when it seemed humbled by Japan and Western Europe. We have enough oil. They didn't.

The U. S. has \$1.2 trillion gross national product, all Western Europe \$1.1 trillion GNP and Soviet Russia \$550 billion, U. S. News notes.

The country is obviously bigger than Watergate and an inordinately powerful Senate chairman like Fulbright.

Bumpers still must face a Republican in the fall, but in Arkansas Democratic nomination is tantamount to election.

Bumpers is of the South and Southwest's new mold of public men. And his constituents are buying the Governor's approach to government. Arkansas has not always been considered a progressive state.

This election was a turn for competent young leaders.

Gentle Objectivity ...

We note belatedly the passing of Stewart Alsop, 60, columnist for Newsweek and other publications since World War II.

He always seemed willing to measure everything on the scales of experience and insight. And he died quietly, having analyzed in print his own courageous bout with a type of leukemia.

He was once one-half of a brother writing team. Joe Alsop still writes for other publications.

Alsop had incredible sources, "the" sources in Washington. He could reach Kissinger or any other mainline news source for unimpeachable insights into things before or during development.

He was kin to the two

Roosevelts who occupied the White House this century. And he lived in Georgetown where a large number of other federal luminaries maintained residences.

Alsop avoided labels. And that is best for writers of public events concerning public men in decisive struggles of one kind or another.

Maybe he was most appealing to us because he was mature in a world bursting with youth and objective as possible in a subjective, political centrifuge.

There was a certain measure to his life. His heritage enabled it, but his abilities contributed largely to a gentle objectivity in the writer's world of black and white.

"Low Down" FROM THE Congressional Record

By JOE CRUMP
"MEDICREDIT" BILL
GAINS SPONSORS

Rep. James T. Broyhill (Va.) "... I wish to point out two key virtues of medicredit — virtues that some Members may have lost sight of in the fog bank of rhetoric and printed words swirling about the question on national health insurance.

"The first key virtue of medicredit is that it protects — guarantees by law — the right of every American to choose the health care setting he

believes best for himself and his family.

"He is assured the right to seek out a physician in private solo practice — or the physician who chooses to practice in a clinic.

"All of the front-leading proposals for national health insurance — except medicredit — have cast aside voluntarism and taken up the idea that such a program must be compulsory — a philosophy once alien in this country.

"A compulsory approach to national health insurance is not the answer ... I commend to you these key virtues of medicredit. One, the freedom to choose the health care setting we believe best for ourselves. Two, medicredit builds a plan for nation-

al health insurance that does not abandon or toss to the winds the great American tradition of voluntarism.

"One hundred and eighty-two Members of this Congress have seen through the fog of rhetoric and printed words swirling about national health insurance. They have chosen medicredit. I invite more of you to come aboard in support of a sensible piece of legislation — medicredit (H.R.2222).

CRUMP'S GRASS ROOTS COMMENT

In 1965 it was Medicare; in 1966 it was Medicaid; now medicredit is proposed. Medicredit would complete the circle of "socialized medicine" if Americans want it.

Dateline Austin

Hottest Debate Seen On General Provision Article

Some of the Constitutional Convention's hottest debate is yet to come.

Explosive potential of the general provision article already has been demonstrated in preliminary rounds, and the right-to-work section should produce the biggest bang of all.

Organized labor, headed by State AFL-CIO President Harry Hubbard, stands foursquare against writing right-to-work provisions into the new constitution.

A new statewide citizens committee with formidable political and financial muscle has been formed to lobby for placing right-to-work on the ballot as a separate issue from the overall constitutional revision.

The Texas right-to-work law, dating back to 1947, prohibits union contracts which would require union membership as a condition to getting and keeping a job.

Baylor University President Dr. Abner McCall is chairman of the Texas Right-To-Work Committee which opened offices near the state capitol recently. Houston school teacher Mrs. Margaret Wisdom is the co-chairman.

Other big-name Texans, including a scattering of industrial leaders, Republicans, conservative Democrats and Gov. Dolph Briscoe's campaign manager, Austin attorney Joe Kilgore, are on the committee roster.

COTTON THREATENED — Drought which destroyed High Plains dryland wheat is now threatening this year's cotton crop, Agriculture Commissioner John C. White fears.

White said High Plains cotton production could be cut almost in half because of dry weather.

The High Plains last year produced an estimated 2.9 million bales of cotton. More than 2.7 million acres of cotton were planted in the area, and 1.1 million were dryland acres. Irrigation costs are running \$35-\$60 and acre and irrigation fuel which cost 10 cents a gallon last year now costs 27-29 cents.

COURTS SPEAK — Evangelist Lester Foloff did not have to get licenses from the state to operate child care facilities, since fewer than six of the children were under 16, the Texas Supreme Court held.

The High Court also set for review the case of a Bee County worker held eligible for permanent, total disability assistance due to ailments resulting from a cut finger and severed tendon.

U.S. Supreme Court will hear the Texas appeal in the House single-member district case.

Texas Court of Criminal Appeals invalidated as unconstitutional a state juke box fee found to favor larger operators.

Same Court threw out a Houston man's murder conviction, ordered a new trial for another Houston man

convicted of robbery by assault and reversed (on grounds of double jeopardy) a Dallas man's 25-year sentence for beating a teenager.

STUDY ORDERED — Speaker Price Daniel Jr. has ordered a "thorough study" of the Texas Water Quality Board by the House Committee on Environmental Affairs.

The investigation will cover the agency's administration, operation and enforcement of environmental standards.

While inquiry actually will not get under way until the Constitutional Convention adjourns, advance planning and research by staff members is already under way.

Rep. Carlos Truan of Corpus Christi and 44 other representatives petitioned for the investigation May 15.

The standing subcommittee on pollution of the Environmental Affairs panel actually will conduct the study. The House Judiciary Committee will further consider administrative operations of TWQB in its overall review of administrative agency procedures.

Daniel said purpose of the investigation is to "get all of the facts and to lay the basis for any remedial legislation or administrative action which may be needed."

APPOINTMENTS — Ruben R. Cardenas of McAllen was appointed by Governor Briscoe to the Pan American University board of regents and Leonel Garza Sr. and Morris Atlas of McAllen reappointed.

Other recent appointments by Briscoe included:

Charles W. Darter of Wellington as 100th district attorney; Mrs. Tom B. Simmons Jr. of Lubbock to the American Revolution Bicentennial Commission; Richard C. Rolad of La Feria and Jim Mathis of Edinburg

OLD PHILOSOPHER

Dear editor:

A desk, like Congress I guess, ought to be cleaned out every once in a while. Here are some notes I cleaned out of mine:

For weeks a neighbor of mine has been demanding to know what I think about Watergate. Well, I'll tell you, I have now read a good portion of the transcripts and I am firmly convinced that President Nixon had absolutely no fore-knowledge that the Watergate burglars were going to get caught.

Some politicians who have been straddling the fence for years are now finding out it was made of barbed wire. Around here we call the T. V. show "Face The Nation," Two-Face The Nation, and "Meet The Press," Dodge the Question. "Issues And Answers" is known as Confusing The Issues and Answers.

There's something to be said for a man who is smart enough to know he's not smart enough to be President. Probably need more of 'em.

The proof of pudding no longer is in the eating, it's in the results of its scientific nutritional analysis and the effect it has on mice when they're fed nothing else for a month.

The word Watergate will now go down in history as a new word with a lot of awful meanings and I was just thinking, wait if that building in Washington had been named The Cameron Building? School children for years to come would be learning that Cameron was a word standing for burglary, unlawful bugging, moral decay, defiance of the Constitution, obstruction of justice, perjury, bribery, confessions of guilt, jail sentences and no telling what all before the year is out. History.

ians would refer to it as the desk days of the Cameron Era.

It's awful to contemplate and just goes to show how an innocent name can be turned into a word with terrible implications. Let's change the subject.

Yours faithfully,
J. A.

Motorists Urged To

Continue Saving Gas

Motorists were advised to continue their conservation of gasoline or be prepared for either waiting lines at service stations or for signs reading "Out of Gas."

This was the advice provided today by Delbert M. Fowler of Dallas, administrator for the five-state region of the Federal Energy Office (FEO).

"Too many people are opposing the lifting of the Arab embargo for the United States solved the energy crisis," Fowler stated.

"But these people just are fooling themselves, because we do still have an energy crunch, and it will be with us for years to come," the FEO official continued.

Fowler said motorists are going to have to cut back their speed to the legal 55-mile-per-hour limit, continue and expand carpooling, and avoid unnecessary trips.

There is further need to try riding the bus to work and to keep those thermostats up to 78 degrees.

The Texas Transportation Research Institute has estimated that from 2 to 5 per cent of all gasoline used in automobiles could be saved if we all reduce our speed from 70 to 55 miles per hour.

FARM and CITY

Page 4 Cameron, Texas, Herald, June 6, 1974

RANCHER INSPECTS HIS HERD—Cattlemen are caught in a squeeze of high production costs and low returns, reports Agriculture Commissioner John C. White. Glenn Raney is no exception. The Garland rancher reports he lost \$20 a head this spring on stocker cattle.

Poage Says Price Drop Not Confined To Cattlemen

Effects of the tremendous drop in cattle prices are not confined to cattlemen, Cong. W. R. Poage said in his news-letter this week.

"Obviously, milo maize, corn and other feed crops cannot maintain their price when cattle and hogs are declining so rapidly," he said. "When the price of feed grains break, the price of wheat is also certain to go down and with wheat, pretty well all other agricultural prices will collapse."

Poage said many people do not realize that a break in farm prices normally does not mean a comparable reduction in the price of groceries -- at least not until a large number of farmers have been forced out of business.

"In fact," Poage added, "right now, with cattle selling about where they were

Culture Can Control Most Insects

"Through the wise use of cultural practices available to today's farmers, the heavy use of insecticides could be drastically reduced."

That's the contention of Dr. Perry Adkinson, professor and head of the Department of Entomology at Texas A&M University. Adkinson also holds a joint appointment with the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

"Our farmers today have become too dependent on chemicals to control insects in their crops. They have forsaken the more traditional methods of pest control such as crop rotation, timing of plantings, early production and stalk destruction because these practices are more preventive in nature and do not offer immediate relief to a pest infestation," points out Adkinson.

The entomologist notes that about 270 million pounds of insecticide are being applied each year to cropland in the United States. However, only about 5 per cent of the cropland is treated, with cotton, corn, tobacco and peanuts receiving almost 90 percent of the insecticides applied. Cotton is the big leader in insecticide usage, receiving 47 per cent of the total volume, about 33 per cent of the corn crop receives insecticidal treatment.

"This heavy insecticide use has led to resistant pest strains, unleashing of secondary pests, undesirable residues in the harvested crop, insecticidal drift on adjoining crops, undesirable effects on fish and wildlife, hazards to applicators and farm workers, and accumulation in the ecosystem."

"With present technology, non-chemical methods of pest control can be effective when used in an integrated program, with insecticides used only to suppress insect outbreaks," believes Adkinson. "The principle behind the use of non-chemical means of pest control is to change the environment so that it is unfavorable for insects."

Cotton Machines Win Approval

HANGORD, Cal.

The cotton module builder and cotton rick compactor, both manufactured and marketed under license from Cotton Incorporated, have won another endorsement.

The machines "will save the day for us," declared O. D. McCutcheon, farm advisor of the University of California Agricultural Extension Service here.

McCutcheon said Kings County cotton growers are increasing acreage this year by 23 per cent, which will bring production up to a level 77 percent higher than 1970 plantings.

"These two cotton machines will save us millions and permit us to run our harvesters full blast and run the gins for a longer period of time," said McCutcheon.

Angus Day Set For June 14, 15

By Bill McCutchen

Members of the Texas Angus and Junior Angus Associations have scheduled a two-day program June 14 and 15 designed for both youngsters and adults. It will consist of the Texas Junior Angus show and the state Angus field day at George Graham's 77 Ranch near Wichita Falls.

The state junior Angus show is June 14 at 4 p.m. Cattle should be checked in by 12 noon that day. Show judge will be Dr. Randall Grooms, Overton, Texas. To enter cattle or for more information on the show contact Buddy Burch, Route 2, Box 139, Grand Saline, Texas.

The state field day, the following day, will feature a judging contest for young people and adults plus talks and demonstrations designed to help all persons interested in beef cattle production. The field day program begins at 10 a.m. and all interested persons are invited.

SWINE RATIONS - Dr. T. D. Tanksley Jr., professor of animal science at Texas A&M University, examines a ration being fed to swine at the Stiles Farm at Thrall, Tanks-

ley will discuss feeding trials involving rations containing corn and three different types of sorghum during the upcoming Stiles Farm Field Day June 18.

COUNTY AGENT'S NOTES---

Apply Sevin To Stalk For Squash Bug Control

was needing moisture badly last week and each day without moisture was cutting a big hunk out of potential yields.

The sorghum midge problem seemingly had become less acute as of the last of May. Midge had concentrated on the early blooming fields, but as the bulk of the crop started to bloom the midge population scattered and was not in economic levels in most fields.

The Consumer Alert

by John L. Hill
Attorney General

What do most people complain about to our Consumer Protection Division? Car repair problems.

Other attorneys general say that's the case in other states as well. And reports from the White House Office of Consumer Affairs bear this out. Car repair complaints to that agency have outnumbered by about four to one any other category of consumer problem.

Americans spend an incredible \$25 to \$30 billion a year on auto repairs and maintenance, according to Virginia Knauer, Special Assistant to the President for Consumer Affairs.

Much of this is for faulty repair work or for repairs that were not even made, she claims.

Although most repair shops provide honest service for every dollar they charge, the few who don't can give the industry a black eye. That's why reputable repairmen are eager to alert consumers to certain questionable tactics.

While individual grievances vary widely, they say certain unethical practices seem to turn up more frequently than other nationwide. These include:

- Selling customers unneeded repair work or parts;
- Charging customers for repairs that were never performed;
- Quoting customers a low price for repairs, when actual charges turn out to be substantially higher;
- Making unauthorized repairs and requiring customers to pay for them before releasing their cars;
- Not allowing customers to view work being done being done on their cars and not showing replaced parts upon request;
- Advertising special low prices on repairs, then urging customers who respond to purchase more expensive repairs and services (a tactic known as "bait and switch"); and
- Advertising "sale prices" that actually are standard prices.

In some instances, manufacturers have complained that a few of their authorized dealerships have prepared false repair orders, added unperformed service or repair charges to repair orders, submitted fictitious warranty repair orders for repayment, and falsely claimed that warranted repair work had been repeatedly performed on the same vehicle.

Happening about Town

Page 6 Cameron, Texas, Herald, June 6, 1974

Shower Honors Bride-Elect

A miscellaneous shower honored Miss Sue Ann Rhodes, bride-elect of Dean Prokisch at the home of Mrs. Minnie Fager.

Special guests were Mrs. Flake Brooks, grandmother of the bride, Mrs. Archie Prokisch, mother of the bride-groom and Mrs. Albert Dörner, grandmother of the bride-groom.

The serving table was covered with an ecru cutwork cloth and centered with a large arrangement of spring flowers and miniature bride and groom. Cake, punch, nuts and mints were served. Table appointments were of silver and crystal.

Co-hostesses for the shower were Mrs. Travis Merriweather, Mrs. Gene Selph, Mrs. Alvin Dodd, Mrs. Edgar Sell, Mrs. Wayne Mann, Mrs. Ed Kohutek and Mrs. Monroe Lucko.

Miss Rhodes and Mr. Prokisch will be married June 15 at the First Baptist Church, Cameron.

BPW Pot Luck

The Business and Professional Womens Club met at the Clubhouse Monday evening for a business meeting and pot-luck supper.

Mrs. Mary Houston gave the opening prayer and Mrs. Ruby Moseley presided at the business meeting.

Gaghagen - Miller Vows Solemnized

Wedding vows were recited by Patricia Ann Gaghagen, daughter of Mr. and Mrs. Myles W. Gaghagen of San Antonio and Michael Lee Miller, son of Mr. and Mrs. B. L. Miller of Cameron, at 6:00 p.m. June 1 at St. Monica's Catholic Church in Cameron. Father William Bennis officiated at the double ring ceremony before an altar accented with two spiral candelabras and baskets of spring flowers. Wedding music was furnished by Mrs. Hilliard Thomas of Cameron.

The bride, given in marriage by her father, wore a designer candlelight gown of Chantilly lace and Soto Peau. The Victorian neckline featured a see-thru yoke and long full sleeves lavishly adorned with lace. The a-line skirt applied throughout extended into a full Cathedral length train edged in Chantilly lace.

Her lace and pearl Juliet cap was attached to a Cathedral length flowing mantilla edged in lace and appliques. She carried a Colonial bouquet of white roses with blue sprinkled throughout.

Miss Patty Kirkpatrick, Harlingen, attended as maid of honor. Mrs. Greg Kaiser, Dallas, was bridesmaid. The attendants wore full length gowns of floral blue and blue picture hats. They carried nosegays of small spring flowers.

Lori Ann Aldridge, Hurst, cousin of the groom, was flower girl and wore a similar costume.

Ronnie Prokisch, Cameron, was best man, and Gary Aldridge, Hurst was groom-

smen. Jimmy Bledsoe and Jerry Heitman, both of Cameron, ushered.

For her daughter's wedding Mrs. Gaghagen wore an original pale yellow flowing chiffon gown with matching

jacket and a green cymbidium orchid corsage.

The mother of the bride-groom wore an original light blue-gray chiffon gown with a Bertha collar accented with a pink rose corsage and accessories.

Following the ceremony a reception was held in Simon-George Hall. The table decorated in white was centered with the bride's and attendants bouquets. The three-tiered cake held arrangements of multi-colored flowers and was topped with two white doves. The groom's table, dressed in shades of blue was centered with a lantern. A double-ring German chocolate cake was served. A lighted silver champagne fountain added further interest.

Assisting at the reception were Mrs. Ed Hrdlicka, San Antonio, Mrs. Gary Aldridge, Hurst, Mrs. James Beene, Garland, Miss Marcie Shuey, Salt Lake City, Utah, Mrs. Jimmy Bledsoe, Cameron, Mrs. Jim Gledhill, Austin, and Mrs. George Lewelling, El Paso, Mrs. Fred Wallace, McAllen, was in charge of the guest register.

After their honeymoon in Jamaica the couple will make their home in Cameron. Mrs. Miller is employed by the Cameron Independent School District and Mr. Miller is employed by the Santa Fe Railroad.

MRS. MICHAEL LEE MILLER

Couple Wed In Church Ceremony

Veronica Tepera and Michael Darilek were married recently at St. Monica's Catholic Church, Rev. William Benish and Rev. Paul McCollum officiating.

The bride is the daughter of Mr. and Mrs. Julius Tepera of Cameron. She is a 1973 graduate of Yoe High School and attended Temple Junior College. Mr. Darilek is the son of Mr. and Mrs. Jerome Darilek of Cameron, is a 1970 graduate of Yoe High School and attended Temple Junior College.

Given in marriage by her father, the bride wore a formal gown of silk organza featuring a pearl accented bodice, high neckline and bishop sleeves. The train length veil of illusion was edged with lace and caught by a lace cap. She carried white carnations and baby's breath.

Miss Marilyn Willie was maid of honor. Bridesmaids were Miss Kathy Tepera, Miss Jeannine Willie and Miss Paula Fleming. They wore formal dresses of pink knit and carried pink carnations.

Johnny Dohnalik served as bestman. Groomsman were Mark Darilek, James Dohnalik and Bernard Tepera. Ushers were Martin Mueck, Eugene Moraw, Daryl Janicek and Kenneth Barta.

A reception was held at

Simon George Hall with Karen Blaha in charge of the guest book.

Also in the house party were Vickie Byrd of Austin.

Phyllis Janicek of Premont, Vanessa Marak and Valerie Gerick.

The couple is making their home in Temple.

MR. AND MRS. MICHAEL DARILEK

Homesickness - A Peculiar Pain

COLLEGE STATION Homesickness is misery. But it is even more than that -- loneliness, hostility, guilt, depression, and self-imposed failure, according to one family life education specialist.

"Homesickness can strike both children and adults unexpectedly, even in the middle of planning activities and events," says Dorothy Taylor with Texas Agricultural Extension Service, The Texas A&M University System. "Since summer is often a time of moving, changing

jobs and vacationing away from home, it's a 'prime time for homesickness,' the specialist said. She recommended 'homesick-awareness' and some preventive steps.

"Entering strange or new situations makes a person more aware of his need for security. He will find this security through accepting himself and being able to make and meet his personal goals," Miss Taylor says.

Keeping busy often helps defeat homesickness. "But here," she warns, "there is

the danger of entering too many activities, getting extremely tired and bringing about another stressful situation -- exhaustion."

Concerned friends can help. Friends showing affection, approval and recognition chase away homesickness.

According to Miss Taylor, the person who adapts easily to new surroundings and makes friends quickly can successfully avoid the misery of homesickness.

Personal Mention

Mr. and Mrs. Jerry Bartley and children, Shanna Jean, 7, and Ted Ray, 6, formerly of Abernathy, have moved to their new home at 707 N. Travis. Mr. Bartley is the new Yoe High School band director.

BIRTH

To Mr. and Mrs. William R. Kirkpatrick of Taylor, a boy, Roy Peter, 10 pounds 1 ounce, born 5:52 a.m. May 29 in Taylor. Grandparents are Dr. and Mrs. Roy Kirkpatrick of Taylor and Mrs. Emil Hollas of Cameron.

Great grandparents are Mr. and Mrs. R. M. Eubank of Bay City. Mrs. Kirkpatrick is the former Barbara Hollas of Cameron. They also have a two-year-old daughter, Susan Lee.

To Mr. and Mrs. Verntle Johnson of Gause, a girl, Cherlonda Lakel, 6 pounds, born 5:06 p.m. May 30 at St. Edward Hospital. Grandparents are Mr. and Mrs. Ed Johnson of Gause and Mr. and Mrs. C. O. Greene of Chrisman.

bach and Mrs. Frank Kohut
of Houston have returned ho-
me after spending several
weeks in their home in Buck-
holts.

Visiting over the weekend
with Mrs. Estelle Horstmann
was her daughter Mrs. John
Busby of San Antonio.

Mr. and Mrs. U. D. Adams
and sons of Austin spent the
weekend with her parents,
Mr. and Mrs. L. A. Svetlik.

Mrs. Annie Mitchell of
Kossie spent Tuesday with
Mrs. Woodward and they vi-
sited different one's here in
town.

R. W. (Gus) Hopkins is ho-
me this week. He is employ-
ed in Huntsville and will re-
turn later to be back on the
job.

Mr. and Mrs. O. W. Whit-
tington visited in the Roger
Williamson home in Cam-
eron on Sunday to celebrate
her birthday.

Those visiting in the ho-
me of Mrs. Paul Sakewitz
and Leslie on Sunday to ce-
lebrate her birthday were
Mr. and Mrs. Arthur Cross
and Donna of Belton, Mr.
and Mrs. Lawrence Hanke
and Todd of Salado, Mrs.
Pauline Freimel, Craig and
Janet of Cameron and Mr.
and Mrs. Richard Groppell
and Louis.

Visiting in the Cecil Cris-
well home this week were
Mr. Bill Ezzell of Califor-
nia and Mrs. Audrey Gore's
of Albney, Texas.

Mr. and Mrs. Steve Bur-
tis, Mrs. Warren McCall and
Robert and Mrs. Edwin Gan-
dy attended the open house of
Alcoa on Sunday afternoon.

Mrs. Corley, who has been
a patient at Newton's Hospi-
tal for some time is now able
to be at home.

Obituaries

Williams

Howard Williams, 82, of Cameron died Saturday in a Cameron nursing home after a long illness.

Funeral was at 2 p.m. Sunday at the Abiding Savior Lutheran Church, the Rev. John Homerstad officiating. Burial was in Oak Hill Cemetery.

Mr. Williams was born in Yoakum and had lived in Cameron the past 15 years. He was a veteran of World War I and a member of the American Legion. He was a retired employee of Houston Natural Gas Co.

Surviving are his wife, Mrs. Alva Williams, a brother, Lester Williams, and a nephew, Richard Williams, all of Cameron.

Pallbearers were Jack Camp of Austin, Bill Grimes, Ricky Williams, Stewart Perkins, Neil Barr and James Brock, all of Cameron.

Marek - Burns - Laywell Funeral Home was in charge.

Lankford

Euell Denson Lankford, 64, of Channelview and a resident of the Gause area most of his life, died Thursday in a Houston hospital after a long illness.

Funeral was at 2 p.m. Saturday at the Gause Full Gospel Church, the Rev. Davis officiating. Burial was in Gause Cemetery.

Mr. Lankford was born in Cameron and was married to Emma Mitchell, Oct. 29, 1928, at Gause.

Surviving are his wife; three sons, Edward Lankford of Cold Spring, Buell Lankford of Channelview and Bill Lankford of Wichita Falls; a brother, Woodrow Lankford of Baytown; eleven grandchildren and a great-grandchild.

Phillips and Luckey Funeral Home was in charge.

Jehovah's Witnesses Set District Conventions

The Watchtower Bible and Tract Society has revealed plans for 85 district conventions of Jehovah's witnesses in the United States and Canada in 1974.

Raymond E. Waldron, presiding minister of the Cameron Congregation of Jehovah's Witnesses, said there will be 74 assemblies for English-speaking delegates and eleven meetings in Spanish, French and Italian.

Waldron said approximately 30 delegates will represent the Cameron Congregation at the convention scheduled for San Antonio June 20 through June 23.

He added that 9,000 delegates are expected to attend the San Antonio convention set for the Convention Center.

"The combined attendance of all 85 conventions is expected to reach nearly one million persons this year. Young and old, family groups and even the infirm will be there," he said.

Waldron said the growth of Jehovah's Witnesses worldwide has created the need for more and larger facilities for these conventions each year.

Citing figures on international growth, Waldron re-

Whitley

Mrs. Iris Whitley, 68, of Cameron, died Thursday in a Cameron hospital.

Funeral was at 2:30 p.m. Saturday at the First Baptist Church, the Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Mrs. Whitley was born at Midway in Madison County and had lived in Cameron 60 years.

Surviving are a son, W. D. Whitley, of Cameron; a daughter, Mrs. Stella Smith of Cameron; a sister, Mrs. Odessa Sylvester of College Station; nine grandchildren and two great-grandchildren and two step-great-grandchildren.

Marek - Burns - Laywell Funeral Home was in charge.

Michaelewicz

Mrs. Frances Michaelewicz, 82, of Lott, died Saturday morning in a Rosebud nursing home after a long illness.

Funeral was at 9 a.m. Monday at Sacred Heart Catholic Church in Lott, the Rev. Gideon Stram officiating. Burial was in Sacred Heart Cemetery in Lott.

Rosary was recited at 7 p.m. Sunday at Green Funeral Home of Rosebud.

Surviving are four daughters, Mrs. Walter (Mary) Buxkemper of Lott, and Mrs. Chris (Lena) Winkler, Mrs. Wilbur (Agnes) Buxkemper and Mrs. Ernest (Annie) Caldwell, all of Waco; three sons, John A. Michaelewicz of Rosebud and Otto W. and Albert Michaelewicz of Lott; four sisters, Mrs. Pete Lambert and Mrs. Andrew Rieger of West, sister M. Dominica of Houston and Miss Angela Niekamp of San Antonio; two brothers, Leo Niekamp of Westphalia and Benjie Seavers of San Antonio; thirty-one grandchildren and thirteen great-grandchildren.

US Navy May Owe You Money

The U. S. Navy may owe you some money!

If you served on active duty during any portion of the period October to December 1972, the U. S. Navy owes you retroactive pay for the military pay increase covering that period.

If you are a former member who served on active duty during October to December 1972, or if you were a reservist who was on active duty for training during that time period, you can file a claim for that back pay.

Your local Navy disbursing office or recruiting office will assist you in filing your claim.

Claims can also be made in behalf of deceased members who served on active duty during any portion of the period October to December 1972.

Reservists and former reservists who were in a drill status during this period of time will be automatically paid retroactively. Also retired members and Fleet Reservists who were on active duty during that period of time will have payment made to them automatically and have their retired pay recomputed.

For more information on how you can file a claim for back pay see your local Navy recruiter.

Some ding-dongs believed that drinking from a bell would cure stuttering!

AWAY FROM IT ALL

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

MALLARDS GALORE - Frank Horcik, left, chairman of the board of Pearl Brewing Co. of San Antonio, and Ted L. Clark, director, Wildlife Division, Texas Parks & Wildlife Dept., inspect mallard duckling at the P&W

station in Tyler. The ducklings, purchased with funds provided by Pearl, will remain at the station three weeks before being released at selected sites throughout the state.

Sports-Murray-Go-Round

BOREN DONE GONE

Timing? No more had we quoted Sam Houston State's Allen Boren on the signing of Peter Daniels, son of Leo the old Aggie star, than he resigned to take the Klein High Athletic Director's job. At 6-2, 250, Galveston Ball High's Jim Yarbrough could be the country's biggest schoolboy catcher. The All-America linebacker who's headed to Texas, hit .400.

Way Tommy Helms, Astro second-baseman, has been delivering with the bat lately, you can almost believe Former Astro Coach Buddy Hancken when he sez he'd rather have Helms than Joe Morgan at second base. "Helms doesn't have Morgan's power and he won't steal many bases," Hancken says. But, he'll drive in a lot more runs and he'll make the tough double-play pivot when Morgan will back out of there.

SPOILED ATHLETES?

How many great college athletes of today have part-time jobs during the season? Leo Daniels, the 1941-42 Star Aggie Tailback, supported his family while playing at Bryan High School (1937-39). "Leo worked in the high school cafeteria," remembers A. E. (Pete) Jones, his schoolboy coach. "And, I can tell you I don't believe there was another athlete in the state anywhere as near talented. He was, without a doubt, the most loved and respected youngster in town." Daniels is a successful Rosenberg insurance man today. When Daniels bloomed as the Aggies' Sophomore Replacement for All-Conference Debrae Moser, W. Lee "Pass-the-biscuits Pappy" O'Daniel

was governor. Houston writers immediately dubbed the Aggie Whiz, "Little Leo." Certain imported members of Houston's News Media would tell you Big-H went nuts over their World Hockey Association Championship Aeros, but don't believe it. Schoolboy Football draws more in one week than those Ice Derby fellers collected all year. Did you see where that Houston

writer complained in print, that the Astro Baseball team was "forced" to play a rain-out game in Montreal, denying the players, "a much anticipated day-off in New York City." Now, just a minute? Are those ball-players making those expensive road trips to play baseball, or to live it up in the Nation's largest garbage dump? Or, was the writer speaking for himself?

Seminar To Push Safety

A safety seminar on excavation and trenching operations will be offered in Waco, June 13. The free course is being conducted by the Texas Safety Association, Austin, Speed Shore Corporation and The Plank Company both of Houston, in cooperation with the City of Waco and McLennan County Safety Council.

Conducted by qualified safety professionals, the Excavation and Trenching Operations training course will be held at the Science Lecture Hall, McLennan Community College, 1400 College Drive, from 9 a.m. to 1 p.m.

GED Tests At Milano

GED tests will be given at the Milano High School Saturday at 8:30 a.m. and anyone who lacks one or two tests or who have completed their GED are eligible to attend.

Also anyone who was in the program any past year is eligible to take the tests. The first series of three tests was given last Saturday.

Due to the high incidence of death and injury in this field of operation, Occupational Safety and Health Administration compliance officers have been given standing orders to inspect excavation and trenching operations on sight. Excavation and trenching is a target health program under OSHA.

The course is designed to answer questions about the need for excavation and trenching safety standards, the role of pre-planning in cutting costs and saving lives, factors and hazards, soil support shoring, soil factors and requirements of backfill and compaction.

In addition to instruction, participants will receive copies of OSHA's Employer-Employee Safe Practices for Excavation and Trenching Operations, Contractor Planning for Job Safety and Health in Excavation Trenching and Backfilling and 15 Questions -- Know the Answers -- Help Prevent Cave-Ins.

To register for the course contact Director of Training Texas Safety Association, Box 9345, Austin, Texas 78766, or phone 512/451-7421.

Sr. Citizens To Meet

Senior citizens will meet Monday, June 10 instead of Tuesday at the Cameron Community Center.

The program will start at 10 a.m. with coffee and members are asked to bring pictures, mementos, or items from vacations to share with the group.

Luncheon will be followed by a talk by A. W. McCullin of the Community Development Agency, on the urban renewal program.

This will be followed by various games. All senior citizens are invited.

State Champion Rodeo Planned

The 1974 State Championship High School Rodeo will be held in Hallettsville on June 11 through 15.

The rodeo will be held in the 5,000 seat arena and will start at 8 p.m. each night. Team roping prelims will be held June 9 at 1 and 8 p.m.

The big western parade will be held Friday, June 14 at 4 p.m.

Yankees	0	4	.000

Group Camping Approved

In response to numerous requests from youth organizations for group camping facilities at Pedernale Falls State Park near Johnson City, the Texas Parks and Wildlife Commission has established a temporary group camping area in the Hill Country park.

An existing picnic area is being retained as an interim restricted camping area for youth groups and other sponsored groups which cannot be accommodated in the other developed area of the park.

According to TP&W department parks officials, the group area has 20 picnic tables, grills, trash cans and other features necessary for camping.

The area is sufficiently remote from regular camping so as not to conflict with family-type overnight campers.

It will be available only when requested by sponsored camping groups and will be closed at all other times.

P&W Approves New Brazos Boat Ramp

Two additional boat ramp construction projects have been approved by Texas Parks and Wildlife Commissioners as part of an overall 1974 ramp construction program of \$350,000.

A ramp in Robertson County at the Highway 79 bridge over the Brazos River will be built at a price tag not to exceed \$25,000, and another ramp in Montgomery County near Conroe for not more than \$18,000.

According to J. M. Beall of the Texas Parks and Wildlife Department, both of the projects will be initiated before Aug. 31, 1974.

"These two ramps," said Beall, "will be added to 16 others which are earlier started or will soon be underway by the end of August."

Jackpot Roping Set Near Milano

There will be jackpot roping, ribbon roping and barrel racing at 2 p.m. Sunday June 9, at the Bar-1-Bar Ranch arena south of Milano.

The public is invited to a full afternoon of enjoyment Sunday and every second Sunday thereafter.

Fishing Violations Top Citation List

Sport fisherman, primarily the ones who neglected to buy a \$4.25 license, comprised the major portion of all arrests made by Texas Parks and Wildlife game wardens as of the end of April.

A total of 648 Texans who angle for the fun of it were cited by the department for violation of the state's fishing regulations; 585 of that number lacked a fishing license.

Only 48 commercial fishing citations were filed by wardens during the same period.

Another 279 persons violated water safety laws, usually by failure to have the proper number of life jackets on board their boats.

More than 1,200 arrests were filed, which garnered the State of Texas some \$32,000 in fines.

Get a job today... that'll get you somewhere tomorrow.

Many openings like these. (And we'll train you.)

- ☐ Nuclear Technicians
- ☐ Photographers
- ☐ Data Processors
- ☐ Builders
- ☐ Machinists

And there are many others to choose from. Challenging opportunities offering some of the best and maybe the toughest training in the world, and hard work keeping things shipshape. Training that makes you a real professional, training that gives you somewhere to go. Jobs that include housing, clothing, food, medical and dental attention and a total of 30 paid vacation days a year. An opportunity that can take you around the world and back again, if you can qualify. Jobs in the Navy.

Find out more. Be Someone Special. See your local Navy man.

Rally On Horseback June 22

A 35-mile endurance trail ride, an equestrian event new to Texas and which has been compared to a sports car rally, will be sponsored by the Gulf Coast Arabian Horse Association at Elkins Lake on June 22.

The trail layout will be over rough terrain in the Sam Houston National Forest with three points designated for veterinarian checks and judgment evaluation of the horses' condition.

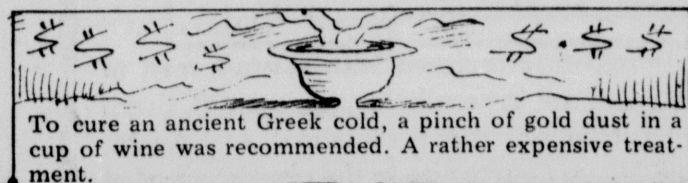

This type of race, declared Pete Johns, a member of the GCAHA, is very popular in California and opens a new phase for horseback sporting events in Texas.

"It's not like a normal

race to see who gets across the finish line first. It tests the suitability of the horse to its rider, as well as the conditioning of both. If horse crosses the finish line in poor condition, it is judged poorly. It's really a strategy sport."

In short, said Johns, a design consultant for the Doctor's Center here and part-time horse breeder and trader, it is a sports car rally on horseback.

The contest is open to any horseman and all breeds of horses over the age of four, and all horses must be shod. Ms. Marge Neely of Tomball 351-5343, is accepting registrations.

To cure an ancient Greek cold, a pinch of gold dust in a cup of wine was recommended. A rather expensive treatment.

The Mayor Requests In His Proclamation That All Cameron Businesses Close From 1:00 P. M. Until 3:00 P.M. FRIDAY, June 7 For The Dedication Of The Mall

City Gets \$10,000 Aid

The Texas Aeronautics Commission has approved a \$10,000 state grant to aid in construction of a new Cameron airport, according to Shelby Krutner, TAC Chairman.

In a meeting of the Cameron City Council Tuesday, the Council authorized City Engineer J. B. Eare to go to work on the airport site. Preliminary work includes clearing and grading and will be done by the city street department.

Approval of the loan followed a meeting of a Cameron delegation with the TAC last Thursday in Austin. The grant is subject to the FAA loan and the project must be undertaken before Sept. 21.

7 GET GRANTS

Chairman Krutner said six more towns had received these state grants to aid in the construction or improvement of urgently needed community airports. They are: Houston \$2,000; Jacksonville \$10,000; Knoxville \$7,000; Clarksville \$12,000; Fayetteville \$12,000 and Ft. Smith \$12,000.

Implement Firm Builds New Plant North Of City

Construction is underway on a new all-steel plant to house the Dunham Implement Company of Cameron.

The business house is being erected north of Cameron on E. Highway 22.

Owner, William Dunham, said the factory will sit on an acre of highway front and will provide the business with additional space. He said the space is needed in order to operate the business more efficiently and for future expansion.

Dunham Implement now located at 10 E. Fifth is a John Deere dealer concern and has been in operation in Cameron since 1912. Dunham purchased the business in 1960.

Workmen from the American Steel Company of Houston are erecting the walls of the structure this week. The concrete foundation and steel framing went up last week. Date of completion has not yet been determined.

The all-steel insulated building has 7,200 square feet of floor space. The interior will have three areas: a parts department and show room, offices and service department. All areas with the exception of the service department will be air conditioned and have central heat.

The six-acre building site will provide adequate space for displaying new and used equipment in separate areas. There will be an outdoor and indoor show room.

Minute Vote Goes Against Proposal

Milam County voters, in the annual statewide vote in recent history Tuesday, voted 306-123 against increasing Texas Senate seats from 41 to 49.

Common voters went 1-14 for, 23 against; and 2-38 for, 29 against. Bi-racial voters 13-34 for, 25 against; and 16-2 for, 19 against.

Voters were indifferent to the issue in only one sixth the number used to the polls that voted in the August bond issue, which was about half of the 8,000 which vote in presidential elections.

Bunkheads went 12-1 for the issue Thursday, 12-49 against; Milam 11-12 for and Sharp 10-13 against.

Pep Squad Formed For Ada Henderson

A Pep Squad was formed for Ada Henderson School and officers elected Friday. Margaret Perkins was elected president, Donna Tindall vice president, Cynthia Kree, secretary.

The Pep Squad will support cheerleaders Susan Brown, Gail Jeter, Judy Jeter, Renee Kirk and head cheerleader, Rebecca Burdett.

Clinic, Town Meeting To Plan Industry, Tourism Day-Long Program Set For Cameron

Texas Outlook Has Article On School Funds By Harbour

The September 1965 issue of "The Texas Outlook," official publication of the Texas State Teachers Association, carries a story by Sept. B. F. Harbour of the Rogers Public Schools, titled "More Money with Government Surplus Funds."

In the story, Harbour points out the types of funds available from government surplus and how to obtain them. Rogers has obtained more than \$70,000 worth of school equipment and supplies in recent years, including about \$15,000 in office and classroom furniture, supplies and equipment.

Harbour says free lunch is one of his hobbies. He has come for twelve years, included in various magazines, recent years. He is also the first correspondent for The Cameron Herald.

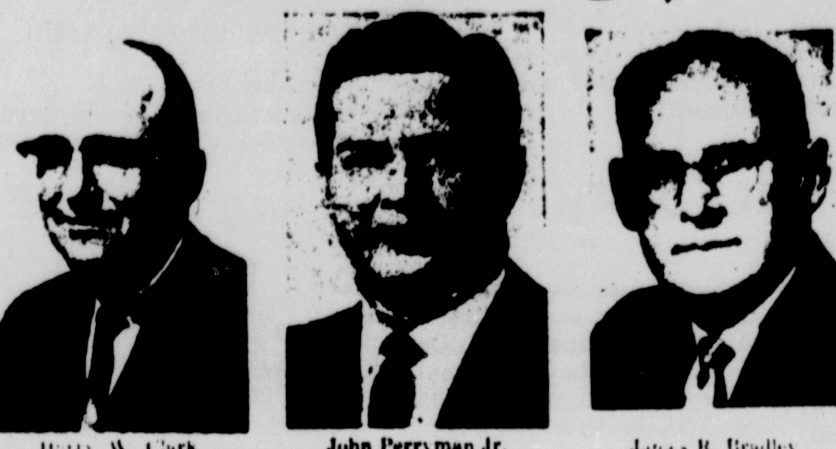

Houston Firm Wins Milam Road Contract

A contract for 1,000 miles of construction on U.S. 29 in Milam County has been awarded to the Houston firm, it was announced in Austin this week by the State Highway Commission. The work is subject to the concurrence of the Bureau of Public Roads.

Rayford Construction Company submitted the low bid of \$94,112 on the project. Grading, structures, foundation, concrete, asphalt, stabilization, base and subgrade, paving from 3.8 inches to 4.5 inches of base is expected to take 12 working days, according to A. B. Thayer, district highway engineer at Baytown.

The largest expenditure was in the Street Dept. with salaries \$22,250, a gain of \$4,760.44 over last year. The increase was due to employment of extra labor. Total Street Dept. figures were \$41,674.44, an increase of \$6,000.44 over 1964.

San Antonio Dept. had a total of \$70,242 compared to \$67,743 in 1964.

Harry W. Clark, John Perryman Jr., James R. Bradley

City Council Approves \$187,948 Budget For 1965

The City Council approved a \$187,948 budget for 1965, compared to last year's \$172,743.

The budget was presented by Mayor Rayford Wilson and approved by a 5-2 vote. The 1965 budget is \$14,205 more than last year's \$172,743.

At a quorum of seven, the City Council approved a budget of \$187,948 for 1965. The budget is \$14,205 more than last year's \$172,743.

The budget is divided into four main categories: General Fund, Special Fund, Debt Service Fund, and Capital Improvement Fund.

Univ. Of Tennessee To Honor Dr. Crump

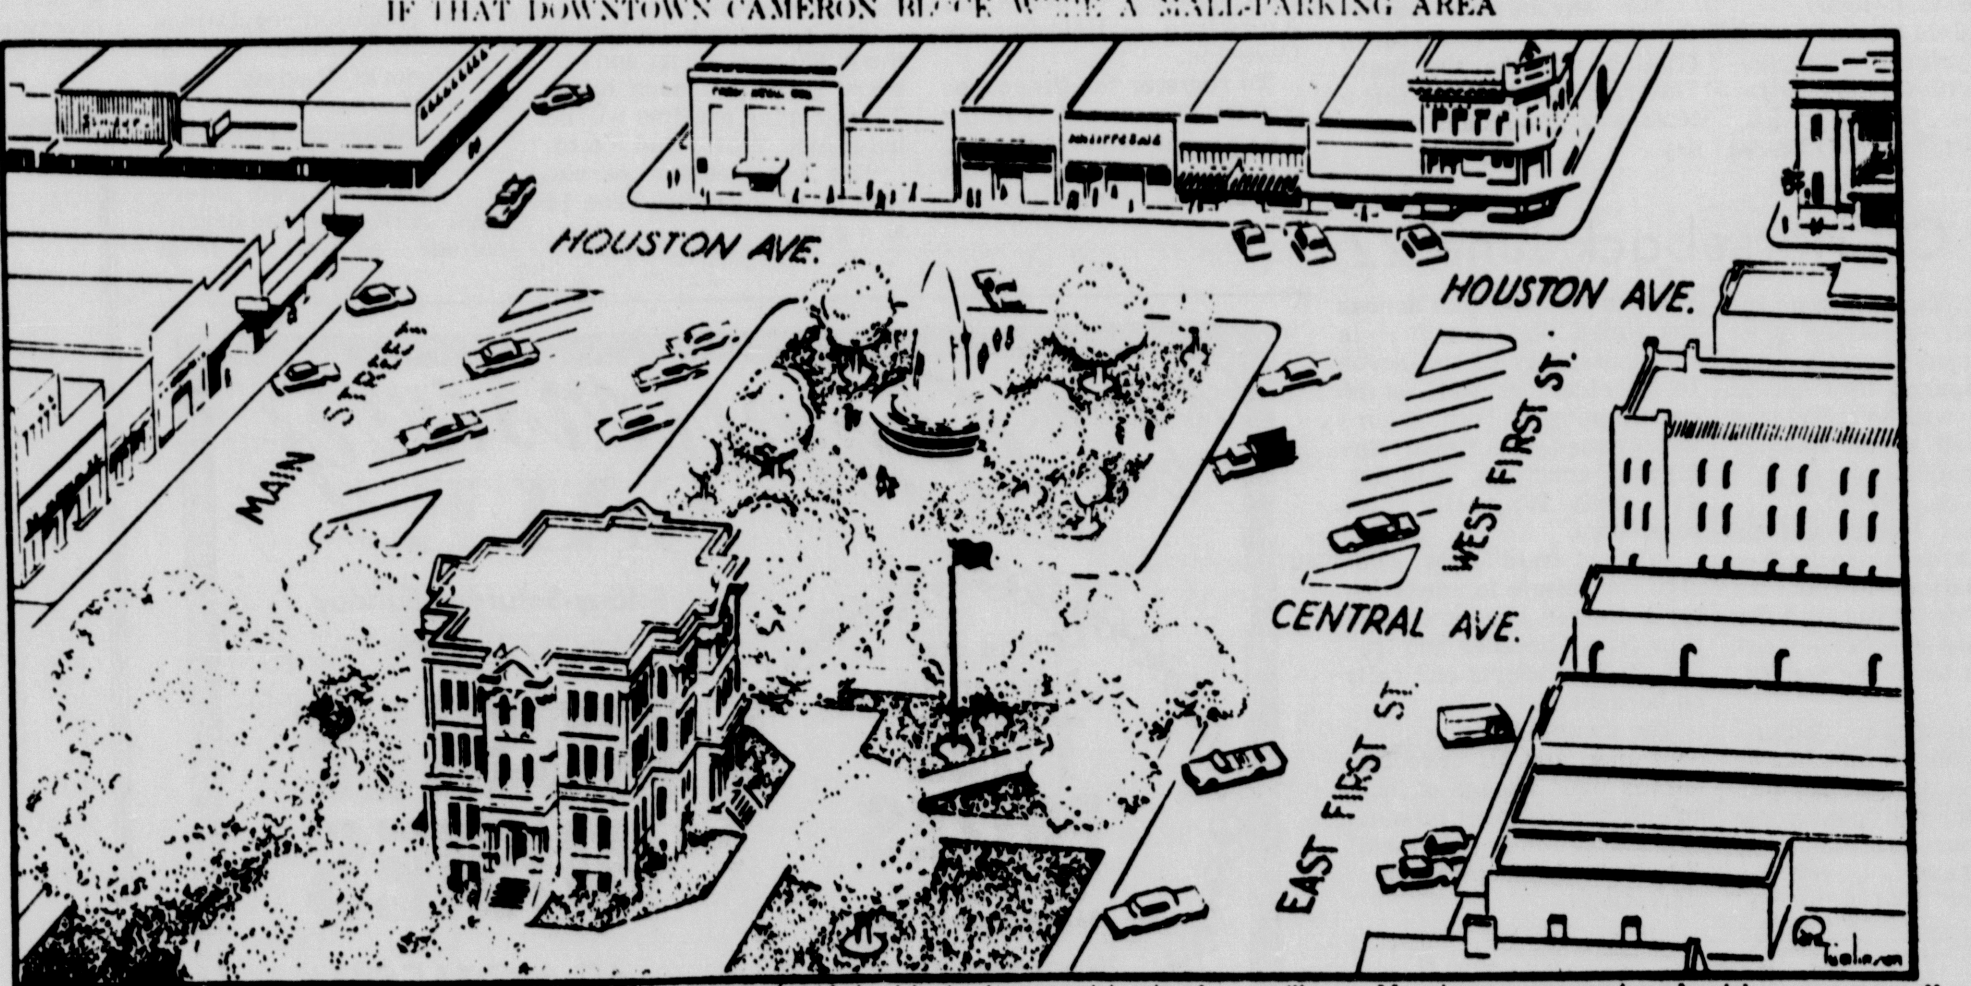

The University of Tennessee will honor Dr. Crump with a plaque in recognition of his contributions to the field of medicine.

MAJOR REVENUE

Budget figures show that major revenue sources will be \$78,728.47 from assessed taxes and \$43,000 from general fund carry-over.

CLINIC SPEAKERS

Samuel G. Gifford, Chief of Community Relations, Texas Tourism Development, and Howard W. Brown, manager of the Cameron County Fair, will be speakers at the clinic.

This artist's concept visualizes what downtown Cameron might be if the block, discussed in the June's Town Meeting, were replaced with a grass mall and off-street parking. The drawing shows one possibility for a broader downtown square and additional parking. You are generally looking west at Houston Avenue, which runs north and south. Here, the possibility of off-street parking and a wider street area for other downtown activities is visualized. And the graded area, with walkways and the idea of a center fountain, gives continuity to the present grassed area, statue and Milam Courthouse in the courthouse square. Artist is Pete Tumlinson, of Cameron. The block is now bounded by Houston, First, Main and Central Ave.

Card of Thanks

We deeply appreciate the cooperation of the community that made our Town and Country Fair a great success and thereby will add measurable to facilities at St. Edwards Hospital. Donations of art, handwork, produce, baked goods and cash were particularly appreciated.

The St. Edward Hospital Auxiliary

We wish to express our deep appreciation to all who were so kind and sympathetic to us at the death of our beloved daughter and granddaughter, Mitzi Marie Jones. Special thanks go to Marek-Burns-Laywell Funeral Home, Rev. Ernest Helsley, and to Loraine Arnold. We thank all our friends and neighbors for their gracious kindness to us. Your thoughtfulness will always be remembered. Mr. and Mrs. B. M. Carabin and Frank Hertenberger

To Doctors Richardson and Perrin, the Sisters and nurses of St. Edward's, we wish to express our thanks and appreciation for the care they gave our mother in the last illness. To our many friends and neighbors, their kindness extended us in our sorrow at the death of our mother. Our thanks also to Marek-Burns-Laywell.

The family of Iris Whitley

In Appreciation

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, food and other kindnesses we are deeply grateful. Special appreciation to the staff of the Colonial Nursing Home, The Rev. Perry Richardson for his comforting words and the Marek-Burns-Laywell Funeral Home for their kindness.

The family of Mrs. Anne Evard

OUR NEW MEAT LABELS
TELL YOU WHAT
YOU NEED TO KNOW

Our new meat identification program takes the guesswork out of selecting meat and how to prepare it... helps you be a "smarter" meat shopper and a better cook. Our improved meat label tells you at a glance the type of meat (Beef, Pork, Lamb or Veal), where it comes from, and the specific portion or common retail name.

MILK OR CREAM ... WHAT'S THE DIFFERENCE

WHOLE MILK contains at least 8% nonfat milk solids. Milk solids contain protein, minerals, and most of the vitamins found in milk. Whole milk should also contain 3.5% milk fats, one source of Vitamin A. Most whole milk has been fortified with Vitamin D. An 8-ounce serving contains 160 calories. SKIM MILK has had most of the fat removed, and is fortified with Vitamins A and D and with some milk solids. An 8-ounce serving has 90 calories.

TWO-PERCENT MILK contains 1-2% fat, and most brands have been fortified with Vitamin A and D and with some milk solids. An 8-ounce cup is 145 calories. BUTTERMILK is skim milk to which a special culture has been added to produce the rich body and acidic flavor. An 8-ounce cup contains 90 calories.

EVAPORATED MILK is a whole milk concentrate. Enough water is removed

to reduce the volume by half. It is also fortified with Vitamin D. One 8-ounce cup, undiluted, contains 345 calories.

SWEETENED, CONDENSED MILK is whole milk with sugar added and 60% of the water removed. One 8-ounce cup, undiluted, contains 980 calories.

INSTANT, NONFAT, DRY MILK has had all fat removed and is usually fortified with Vitamins A and D. One 8-ounce cup, reconstituted, contains 90 calories. One 8-ounce cup of the chocolate-flavored variety, reconstituted, contains 130 calories.

HALF & HALF is a mixture of milk and cream averaging 11% fat. One tablespoon contains 20 calories.

LIGHT CREAM has 18% or more fat. One tablespoon contains 30 calories.

WHIPPING CREAM contains 30-36% fat. One tablespoon has 45-55 calories. When a recipe calls for "heavy cream," whipping cream should be used.
